PROFILE

Aspiring Data Analyst skilled in Excel, SQL, Power BI, and Python, with hands-on experience in data cleaning, analysis, and visualization. Seeking an entry-level role to deliver data-driven business insights.

EDUCATION

Bachelor of Computer Applications (BCA) *Meerut, India*
Shobhit Institute of Engineering & Technology, Meerut, 250110 *2023 – 2026*

12th passed out 2023 with 69% (PCM) in BSEB Board
10th passed out 2021 with 81% in BSEB Board

SKILLS

Technical: Microsoft Excel, SQL (MySQL), Python, Data Cleaning, Data Analysis, Exploratory Data Analysis (EDA), Data Visualization, Statistical Analysis

Tools & Libraries: Power BI, MySQL Workbench, Python (Pandas, NumPy, Matplotlib), Jupyter Notebook, VS Code, Git, GitHub

INTERNSHIP EXPERIENCE

Data Analytics Intern | InternNova
6-Week Virtual Internship | Completed: 25th October 2026

- Completed a 6-week virtual internship focused on Data Analytics.
- Gained practical exposure to data analysis concepts and analytical problem-solving.

Data Analyst Intern | ApexPlanet Software Pvt. Ltd.
2-Month Internship* | *Ongoing

- Currently undertaking a Data Analytics internship to strengthen practical skills in data cleaning, exploratory data analysis (EDA), and data visualization.
- Applying analytical techniques to assigned tasks and building hands-on experience with data analytics tools.

PROJECTS

HR Analytics – Employee Attrition Analysis (SQL)

- Analyzed employee data using SQL to understand employee attrition patterns and workforce trends.
- Used aggregate functions, GROUP BY, HAVING, joins, and subqueries to analyze attrition across different employee categories.
- Explored department-wise attrition, employee demographics, salary, and experience-related trends.
- Generated insights to help understand employee turnover and support data-driven HR decisions.

Technologies: MySQL, SQL

Mobile Sales Dashboard – Power BI Project

- Developed an interactive Power BI dashboard to analyze mobile sales performance and business trends.
- Used charts, KPI cards, slicers, and filters to visualize sales, transactions, and customer purchasing patterns.
- Created an interactive dashboard to monitor key performance indicators and support data-driven decisions.

Technologies: Power BI, Power Query, DAX, Data Visualization

Supermart Retail Sales Analysis – Microsoft Excel

- Cleaned and transformed retail sales data to ensure data accuracy and consistency.
- Analyzed total sales, profit, orders, discounts, and product and regional performance.
- Created a KPI Summary using Excel formulas to track key business metrics.
- Used PivotTables, PivotCharts, and Excel formulas to summarize data and identify business trends.

Tools: Microsoft Excel, PivotTables, PivotCharts, Excel Formulas, Data Cleaning, Data Analysis

CERTIFICATIONS & ACHIEVEMENTS

- Earned HackerRank SQL certification/badge and achieved a 3-star rating in SQL.
- Completed Microsoft Excel training from Beginner to Advanced level.
- Earned a Data Analytics Professional Certificate from Unified Mentor.
- Completed a Power BI 30 Days Micro Course to strengthen data visualization skills.
